EDUCATION WORKING FOR YOU

PREPARING THE WORKFORCE OF TOMORROW

Strengthening America's education system is important in fostering innovation and promoting our economic growth. That's why one of my top priorities is promoting career and technical education (CTE) and STEM programs. I was proud to introduce my bipartisan *Freedom to Invest in Tomorrow's Workforce Act* with Rep. Abigail Spanberger, which will give individuals the freedom to use their 529 savings accounts for professional training and credentialing programs.

MY BILLS IN THE 118TH CONGRESS

- Freedom To Invest in Tomorrow's Workforce Act
- Professional Pell Education Learning (PROPEL) Act
- Education Savings Accounts for Military Families Act

Richmond Times-Dispatch

With bipartisan support, more flexible 529 plans will make Virginia stronger

By: U.S. Rep. Rob Wittman and U.S. Rep. Abigail Spanberger

July 30, 2024

"When we introduced the Freedom to Invest in Tomorrow's Workforce Act in March of 2023, we were inspired by countless Virginia students who are choosing to forgo a four-year degree to join the workforce and pursue in-demand jobs. We have also heard from students who have limited funds to pay for the training and credentialing programs these well-paying jobs require."

NATURAL RESOURCES WORKING FOR YOU

CONSERVING OUR ENVIRONMENT & PROTECTING OUR WILDLIFE

As a lifelong conservationist and outdoorsman, I know how important it is to conserve our natural resources, public lands, and wildlife. I serve on the House Natural Resources Committee where I'm focused on protecting our environment by promoting policies that encourage clean energy, innovation, and proper stewardship of our environment. I have been a leader in safeguarding our Chesapeake Bay wildlife, waters, and region. Our Commonwealth and our nation are both blessed with an abundance of natural resources that we have a responsibility to protect, manage, and use in ways that allow them to flourish for generations to come.

MY BILLS IN THE 118TH CONGRESS

- Protecting Access for Hunters and Anglers Act
- Supporting the Health of Aquatic systems through Research Knowledge and Enhanced Dialogue (SHARKED) Act
- America's Conservation Enhancement (ACE) Reauthorization Act
- Earth Sciences and Cooperation Enhancement Act
- Amendment to the Export Reform Control Act of 2018
- Securing Essential and Critical U.S. Resources and Elements (SECURE) Minerals Act

GOVERNMENT ACCOUNTABILITY WORKING FOR YOU

HOLDING WASHINGTON ACCOUNTABLE

Transparency and accountability in Congress are essential for reining in wasteful government spending and ensuring our government is responsibly funded. Funding the government on time is Congress' most basic duty, yet we continue to find ourselves budgeting by crisis and using last-minute stop-gap measures to avoid shutdowns. I reintroduced and pushed three pieces of legislation to fix this broken process:

- **Stay on Schedule (S.O.S) Resolution**
- **No Budget, No Pay Act**
- **Inaction Has Consequences Act**

Richmond Times-Dispatch

August recess? Congress must stay until the work is done

By: U.S. Rep. Rob Wittman

July 23, 2023

"Throughout my tenure in Congress, I have been a steadfast advocate for holding the legislative branch accountable and restoring transparency to the budget and appropriations process. We must work toward a permanent solution that provides fiscal certainty for our federal agencies. By holding members of Congress accountable, we can ensure that our government functions in the best interest of our constituents."

Daily Press

Congress must stay on schedule or cancel August recess

By: U.S. Rep. Rob Wittman

July 22, 2024

"We should be held accountable if we don't do the work our constituents elected us to do. I have been introducing government accountability legislation for years, but it has not moved forward because members of Congress are unwilling to put their pay and vacation on the line. It's time for members to stop preaching accountability and actually put their money where their mouth is."

PUBLIC HEALTH WORKING FOR YOU

KEEPING OUR COMMUNITY SAFE & HEALTHY

Throughout my time in Congress, I have met with countless constituents across Virginia's First District, including many healthcare workers and parents concerned about their children's well-being. A common theme I hear is how many of you are impacted by the unprecedented mental health crisis plaguing our nation. By improving access to mental health resources in our local health systems, we can promote healthy communities, help our neighbors and loved ones in crisis, and fight the surging number of drug overdose deaths.

BILLS INTRODUCED OR COSPONSORED IN THE 118TH CONGRESS

- Organ Donation Referral Improvement Act
- Safety from Violence for Healthcare Employees (SAVE) Act
- Accelerating Kids Access to Care Act
- Alleviating Barriers for Caregivers Act
- Lower Costs, More Transparency Act
- Increasing Seniors Access to Care Act
- Give Kids a Chance Act
- Building Our Largest Dementia (BOLD) Infrastructure for Alzheimer's Reauthorization Act
- Help Ensure Lower Patient (HELP) Copays Act

NATIONAL DEFENSE WORKING FOR YOU

KEEPING AMERICA SAFE & SECURE

As vice chairman of the House Armed Services Committee and chairman of the Tactical Air and Land Forces Subcommittee, I know how important it is for our servicemembers to have the resources they need to defend our nation and deter our adversaries. As we face growing national security threats from China, Russia, and Iran, our military must maintain an advantage over our adversaries to protect our interests and the interests of our allies. The security and stability of the free world depends on a strong American military, and I am committed to ensuring our Armed Forces are equipped to compete in an increasingly dangerous world.

3 NATIONAL DEFENSE BILLS SIGNED INTO LAW IN 118TH CONGRESS

H.R. 4952 - To establish the OFFICE OF STRATEGIC CAPITAL in the Office of the Secretary of Defense (*included in the FY24 NDAA*)

H.R. 855 - INDEPENDENT AND OBJECTIVE OVERSIGHT OF UKRAINIAN ASSISTANCE ACT

H.R. 3168 - To establish a JOINT AUTONOMY OFFICE in the Department of Defense (*included in the FY24 NDAA*)
